M. U. OUTLOOK  
IN BASKETBALL  
DISCOURAGING

Replacement of Four Letter Men  
Lost from Last Year  
Is Problem for  
Coach Ruby.

K. U. PROSPECTS BRIGHT  
Kansas Has Excellent Material  
for Winning Team, With  
Seven "K" Men Available.

Kansas University is proud of her prospects for a winning basketball team, while Missouri is not so elated over the chances for a successful season. Encouraged by the two-ply, football and cross-country, win registered Thanksgiving Day over the Tigers, the Jayhawkers are now laying plans to defeat the Old Gold and Black on the indoor court.

The situation that confronts Coach Ruby is the replacing of four letter men of last season, who are either no longer eligible for the Tiger quintet or who have passed their undergraduate days. The first problem for the youthful Missouri mentor is the selection of a man to replace the redoubtable George Williams, twice named as the Missouri Valley's most useful center. Ex-captain George Browning, a forward and guard, Leslie Wackher and Ralph Coffey, veteran guards, are also through in competition for Missouri.

Forrest C. Allen, the K. U. director, who also dabbles in the game of basketball, is justly enthusiastic concerning the coming season. Last year the Kansas team was one of the fastest and scrappiest aggregations in the Valley. Of that entire list only ex-Captain Urthlauf is lost. Hawk, Worstemeyer, Captain Roddy, Wolf and Endicott remain from that squad, while Gibbons, a letter man of 1917, and Fredericks, of 1919, are also in school, making seven letter men eligible for positions on the five. There are, in addition to these men, four members of the Varsity squad of last year still in school, and an entire delegation from last year's freshman team which it is said, was one of the best ever turned out at K. U. With such a line-up there is no telling how far up in the Valley rating the Jayhawkers may climb.

Nebraska is something of an unknown quantity, but Ames and Oklahoma have their entire outfits back in the fold and should do much better than last year. At least four institutions fare better

than the Tigers in keeping their veterans.

Herb Bunker showed up for his first practice of the season at Rothwell Gymnasium last evening. Unless Ruby is forced to shift to an entire new line of attack, Bunker will again be holding down the back guard job throughout the greatest portion of the season. "Bunk," it will be remembered, captured All-Valley honors at this position in his first year out. Unquestionably the big assignment before Coach Ruby is the selection and training of an adequate running mate for the huge all-around athlete.

"Bun" Browning, Captain George Bond and John Knight are again in the running for forward berths and will doubtless be seen at those positions for the major portion of the season.

Coach Ruby has some other good material. As many as ten graduates from the freshman team are working out daily, trying for a position on the Varsity. Of these the leading candidates at the present time are Lester, Storms, Van Nice, Thompson, Van Horn, Pautot, Hays and Terry.

250 PERSONS  
ATTEND BOUTS  
Athletic Club Formed After  
Close of Battery B Athletic Carnival.

About two hundred and fifty boxing and wrestling enthusiasts attended the Battery B Athletic Carnival held last night in the O'Rear Building. One wrestling match between Joe Muster, weight 176 pounds, and Will Brink, 180 pounds, was called off after fifteen minutes of action due to a strained arm of one of the contestants. Max Woods, 130, and M. W. Zumalt, 134, fought four rounds to a draw. Willard Forbis, 125 pounds, and Clifford Nevins, 129 pounds, also put on a four-round exhibition. As a wind-up, Cless Pollock, 142, and Possum Crump, 145, gave a clean exhibition of four rounds.

After the bouts were over an Athletic Club was formed for the purpose of promoting some good boxing and wrestling matches in Columbia and bring in some good matches from the cities. Under the laws of the state of Missouri it is necessary to incorporate an athletic club and only members are allowed to witness the bouts. The club elected as officers last night: President, Capt. Pierce Niedermyer; secretary, John F. Tehan; treasurer, Jack Daily. It was agreed to sell the members shares at \$5, which entitles the active members to all the privileges of the association. About thirty men joined last night. A meeting will be held

next Tuesday evening at 8 o'clock in the O'Rear Building to get more members and to elect a board of directors. Captain Niedermyer has invited all who are interested in clean athletics to join.

Football Game Postponed.  
The football game between Battery B and the R. O. T. C. Field Artillery which was to have been played at 2:30 o'clock tomorrow afternoon, at Rollins Field has been postponed until some later date.

A Standard Price System  
Saves Money For  
You and Me

We are the producers; you are the consumer. We want to have more business; you want to give more business. We want your business; you are uncertain as where to place your orders. We can offer a saving to you. How? We use a standard price system, the Franklin Price System, and follow it to the penny; this is a saving to you. You not only get a figure for your printing that is closely figured, but you get a price that is the same to every customer.

When we make a price for a job, we consult the price list, and get a price that is figured so closely that you are assured that you are not paying for a cut made on another job to a favored customer or a bigger customer.

You can figure the cost for a job yourself if you care to. All you have to do is to consult "the little black book" and get the price. There is no discount to be figured later. Business firms like to know us on what the Franklin Price List charged for their printing, and many of them come to our office and figure out the cost for their printing before placing an order.

Thus they figure that, by knowing how prices are made, and on what basis, they are assured a price that is the same to every customer. Many of our regular customers ask us on what the Franklin Price List bases its charges and how. We tell them that the charges are figured on the cost of labor, materials, overhead, and a small percentage of returns on the business.
